Strategies

Victory is achieved through adept and masterful control of the Star Wars Battle Pod flight stick controls and throttle.

Destroy enemy crafts to gain points; bring down multiple enemy crafts in quick succession to earn combo bonuses. Players' scores and performance are determined after each stage.

Technical Features

Star Wars Battle Pod is equipped with force feedback technologies to give players the sensation of acceleration, powerful explosions, as well as impacts from the destruction taking place around them.

Controller Vibration

Players will feel every shot they fire and every hit they take.

Seat Vibration

Low-frequency vibrations delivered through the battle pod seat allows players to feel realistic impacts and explosions.

Air Blast

Bursts of air directed towards players will add to the feel of speed and acceleration.

5.1ch Surround Sound

Unparalleled sound quality encapsulates players in each battle pod, creating an immersive Star Wars™ environment.

Surround yourself in the high speed battle

**It is a period of technological
advancement. BANDAI NAMCO Games
has developed a revolutionary dome
screen arcade unit, capable of thrusting
players into the game they are playing.**

**The hardware offered new experiences
players only dream of. As the team
continued to refine and expand its
capabilities, a prototype for a new
project was secretly underway.**

**Today, they reveal that project, a Star
Wars game that you don't just play,
you EXPERIENCE....**
