**NEW!!  
WEAPON SELECT  
SYSTEM**

# THE NEW FEATURE ADDED TO THE ORIGINAL "SHOOT & HIDE" SYSTEM, PROVIDES MORE DEPTH TO THE GAME!

## WEAPON SELECT SYSTEM!!

PLAYERS WILL EXPERIENCE A THRILLING AND TACTICAL GAME PLAY THAT THEY HAD NEVER EXPERIENCED BEFORE!!

### [WEAPON SELECT SYSTEM]

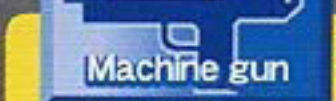

Weapon explanation

#### Handgun

This is the standard VSSE sidearm. Ammunition is limitless and can be reloaded at anytime.

#### Machine gun

This is a fully automatic firearm with rapid-fire capabilities.

#### Shotgun

This is a wide-range firearm.

#### Grenade Launcher

This is a grenade-launching firearm. Grenades explode on impact and inflict wide-range high-volume damage.

- Players can change their weapon by pulling the trigger while releasing the pedal.
- Ammo for optional weapons will be supplied by shooting certain enemy characters.
- The ammo for optional weapons is limited. Therefore all special weapons shall not be functional if the weapon runs out of ammo. If the player runs out of ammo while using an optional weapon, the weapon shall automatically change to the default handgun by releasing the pedal.

WEAPONS CAN BE CHANGED ANYTIME!
